

X-Sim :

A Federated Heterogeneous Simulation Environment

Saurabh Gayen, Eric J. Tyson, Mark A. Franklin,
Roger D. Chamberlain, Patrick Crowley

Storage-Based Supercomputing Group
Dept. of Computer Science and Engineering
Washington University in St. Louis

September 21, 2006
High Performance Embedded Computing Workshop (HPEC)

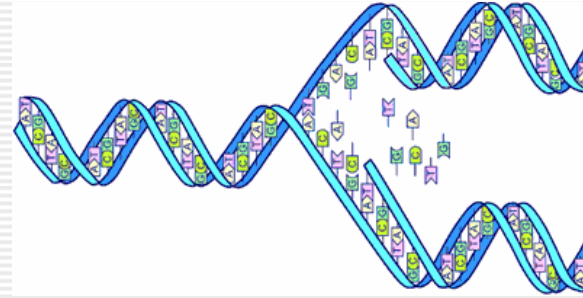

This work is supported by National Science Foundation grant CCF-0427794

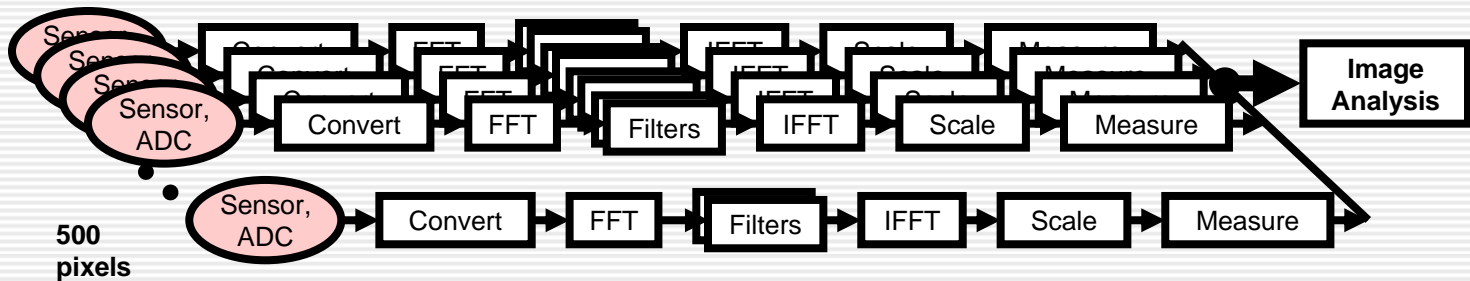

Washington University in St. Louis

X-Sim : Simulation of High Performance Streaming Applications

- Sample Applications

- Parallel Algorithms

- Heterogeneous Resource Set
